Summary:

The Youth Program (YP) Director and their assistants will provide programming for the youth which includes hiking, boating, games, crafts and almost anything one can dream up. The YP Director will become a role model to youth in camp should they show even an inkling of enjoyment in this work, so they must be prepared to be invited to every card game and bonfire outside of their work hours. Please have polite excuses and card decks prepared.

Purpose:

The YP Director provides fun, safe, and educational experiences and programming for youth ages 12-17 during program weeks, for two hours of each full camper day. Along with all staff members, the YP Director contributes to a safe camp environment, creates a positive experience for all campers, and supports healthy relationships among staff. The YP Director will promote connections among youth while modeling and teaching COVID-safe and interactions for all.

Responsibilities and Duties:

The YP Director is primarily responsible for designing and delivering quality experiences and programming for youth ages 12-17. The YP Director will fill the remainder of their schedule with Generalist shifts.

 - **Numbers & ages:** The YP Director plans age-appropriate programming for youth each week as needed. Information from CampBrain on ages and numbers of youth should be used to decide on what programming will work best; For some weeks, it may work well to combine children's and youth programs or to have different age cut-offs, although separate CP and YP programs usually work best for most weeks. Group sizes and activities should be considered for the effective implementation of COVID safety protocols.
 - **Activities:** The YP Director should plan on leading one program on each full day of camp during program weeks. Each YP shift should be staffed by at least two staff members, at least one of whom should be lifeguard certified if there will be water activities. The YP Director plans activities for days they are absent, making sure the fill-in staff understand the instructions and are provided with the tools and know-how necessary to execute a successful program.

- Communicating and connecting with families
 - **Lead Parent Meeting:** The YP Director hosts an introductory meeting with interested parents/guardians on Sunday each week. General plans for the week and YP COVID precautions will be shared and explained at this meeting. This is also a good opportunity to hear from parents about any key information regarding their youth that would be important for a YP Director to know.
 - **Be aware of medical needs:** The YP Director should make a careful effort to gather from parents any medical information that might affect their youth, including allergies they may have.
 - **Get to know families:** The YP Director is responsible for learning the names and personalities of all youth in their program, as well as getting to know the adult caregivers well enough to establish professional relationships.
 - **Learn about interests:** The YP Director should spend some time early on trying to gauge the interests of the youth to help shape the programming for the week.
 - **Prepare participants:** Each day, the YP Director will post the day's planned activities in a highly visible place along with necessary attire and supplies (e.g. close-toed shoes, water bottle) so that parents and participants may prepare appropriately.
 - **Be engaged:** YP staff are often favorites for many youth. Keeping in the spirit of camp, the YP Director should expect to interact with youth to some degree outside YP hours, although maintaining boundaries is also important.
